

Resi Records Rewrites ...

Placement for you!

Try, try, for you I simply won't surrender
Oh yeah, I have made your destiny by an innovative way
The history book on the shelf
No longer repeating itself

Placement for you
Never defeated, I knew the score
Placement for you
Thought I'd be looking forevermore

Placement for you
Couldn't find one when I wanted to

My, my, I couldn't hold you back, not take any longer
Oh yeah, I never thought that would think of ever giving up the fight

Oh, how they could ever refuse
I knew that I'd win when they choose

Placement for you
Never defeated, I knew the score
Placement for you
Hoping you'll stay there for ever more

Placement for you
Hoping you'll stay there forevermore

Placement for you
Knowing my fate is to succeed for you
Place place place placement for you
Finally finding a placement for you

Placement for you
I knew that I'd win when they choose

Placement for you
Knowing my fate is to succeed for you
